

2022 RULES AND REGULATIONS

Level:

We understand that competing studios may have different skill levels, so AXIS is proud to offer three separate levels of competition:

NOVICE LEVEL:

Little or no competition experience.

Novice Level dancers must not train more than 3 hours per week including dance / acrobatics.

If a Duo / Trio or Group has one or more dancer(s) taking more than 3 hours per week it must be entered at a higher level.

INTERMEDIATE LEVEL:

For dancers on the rise between Novice and AXIS.

Intermediate Level dancers must not train more than 6 hours per week including dance / acrobatics .

If a dancer competes in the Intermediate Level as a soloist they must remain in the Intermediate Level for all solos. The dancer cannot move down and perform in any Novice Level routines. However, the same dancer can move up and perform in an AXIS Level routine.

If a Duo/Trio has one or more dancers competing in the AXIS Level that routine must compete in the AXIS Level.

In mixed Level Groups, Lines and Productions the higher percentage of the dancers will determine the Level.

All Duo/Trios, Groups, Lines, and Productions can always choose to compete at a higher Level.

AXIS LEVEL:

The highest and most competitive Level.

AXIS Level includes dancers training more than 6 hours per week including dance / acrobatics.

If a dancer competes in the AXIS Level as a soloist they must remain in the AXIS Level for all solos.

In mixed Level Groups, Lines and Productions the higher percentage of the dancers will determine the Level.

Teachers are left to their own discretion when entering routines. AXIS reserves the right to elevate any routine deemed by the judges or management that was entered incorrectly. All discussions are final. Routines that are moved by the judges or management are exempt from the level percentage rule.

Age Categories:

Tiny Tot 3 - 4 years old

Petite 5 - 6 years old

Mini 7 - 8 years old

Junior 9 - 11 years old

Teen 12 - 14 years old

Senior 15 - 19 years old

Adult 20 years & up

The average age of all performers in a Duo/Trio, Small Group, Large Group, Line or Production determines the appropriate age division. The dancer's age is determined as of January 1st. This also includes solos. To figure the average, add the ages of all the performers in a routine and then divide by the number of performers. **DROP THE DECIMAL POINT.** For example, if the average age is 12.9, this routine would compete in the 12 year old age division. Any routine is allowed to compete in one age division higher but must be approved by AXIS Dance Competition when entries are submitted. Additionally, if a protest arises regarding age, all competitors must be prepared to present proof of age. All protests must be presented in writing to the AXIS Dance Competition Director within one half hour of the incident. All protests must be signed. We require that proof of age be presented in the event of a protest.

Bump Rule:

Duet/Trios, Groups, Lines and Productions including dancers of different age divisions will compete no more than one age division younger than the oldest dancer, regardless of average age. However, if a dancer 20 years of age or older (regardless of professional or amateur status) competes in a routine, the routine must be in the adult age division. The adult age division will be adjudicated only. If there are 2 or more adult entries, a high score will be presented. There will be no cash award in the adult age division.
